

How do I get started on Pietra?

group: Pietra Platform & Pricing

Pietra is a platform that provides software and services to help you start and scale your business. To get started, start your membership by clicking [here](#).

If you are looking to get started with sourcing, start browsing and chatting with different suppliers [here] (<https://creator.pietrastudio.com/home>).

If you would like to start using Pietra's Fulfillment Center for order fulfillment, you can send items to Pietra for storage and fulfillment using this [link](#). You can look for the button that says "Ship Items To Pietra". Please note, if you purchase products from the sourcing marketplace, you can elect to have the items ship directly to a Pietra fulfillment center for storage and fulfillment.

If you want to browse all the different sales available to you as a member, you can visit the eCommerce page [here](#).

If you're looking to find educational resources, workshops, free business classes, you can check out Pietra's Resources Hub [here](<https://creator.pietrastudio.com/educational-resources>).
