

If I have/find a supplier outside of Pietra's network, can I still use Pietra's fulfillment services?

group: Designing & Sourcing Products

Absolutely! If you have/find a supplier outside of Pietra's network, you can still benefit from many of Pietra's other offered services, such as assembly, storage & fulfillment through our warehouse.

Additionally, you have the ability to notify your supplier to join Pietra directly through our platform! Simply go to "My Suppliers" in the Sourcing Tab and tap "Connect My Supplier" on the top righthand corner of the page.

Pietra's team will train your supplier on Pietra, send them shipping labels, and prepare them to streamline your logistics. Once approved, you'll be able to chat with them and pay invoices through Pietra.

Pietra trains suppliers for you so that you never have any headaches and can track all your logistics in one place.

In the event that your supplier does not want to join Pietra's network, you are still at liberty to work with them, while utilizing Pietra for your other business-building needs!

For any shipments being sent to Pietra from an off-platform supplier, please make sure you are filling out an inventory intake form [here](<https://creators.pietrastudio.com/receivings/send-inventory>).
